## New Books

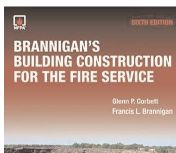

Visit [www.Fire-Police-EMS.com](http://www.Fire-Police-EMS.com) for a complete list of all books

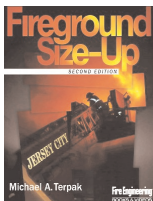

**The 1958 Colfax Tornado**, Troy and Michelle Knutson, Arcadia Publishing. June 4, 1958, severe weather was brewing across central Minnesota and in the early afternoon the storms crossed the border into Wisconsin. At 7:07 p.m., what had been multiple, smaller tornadoes combined into one massive F5 tornado that ripped through the village of Colfax, killing 12 people, injuring hundreds, and doing millions of dollars worth of damage. However, in the wake of the storm, a community and its neighbors came together as one to care for the survivors and begin the process of healing and rebuilding. 128pp., 234 b&w photos, softcover, **BO1958 - \$21.99**

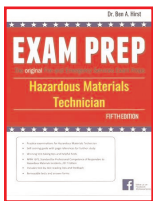

**Arrhythmia Recognition, 2nd Edition** Daniel J. Garcia; Tomas B. Garcia, MD, Jones & Bartlett. Teaches students of all levels – including nurses, physician assistants, cardiovascular technicians, allied health professionals, paramedics, medical students, and physicians – how to interpret a rhythm strip using foundational concepts and a step-by-step approach. Students gain a solid understanding of electrophysiology and pathophysiologic mechanisms in the heart, and learn how to apply this knowledge to the rhythm strip. This is also an excellent reference text for instructors who wish to expand their knowledge of arrhythmia interpretation. 854pp., softcover, **BA97192 - \$165.95**

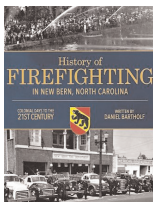

**Brannigan's Building Construction for the Fire Service, 6th edition**, Glenn P. Corbett; Francis L. Brannigan, Jones & Bartlett, 2019. Meets and exceeds the National Fire Academy's FESHE course objectives and outcomes for Building Construction for Fire Protection (C0275). An integral resource for officers, instructors, current and prospective fire fighters, those studying for promotion, individuals taking civil service examinations, and fire science students. 512pp. **BB7481 - \$98.95**

**Fireground Size-Up, Second Edition**, Michael A. Terpak, Fire Engineering. Pre-incident information combined with your on-scene size-up give the fire officer the advantage of knowing what to expect when arriving and operating at a fire scene. In this definitive guide to fireground size-up, author Michael A. Terpak gives fire fighters an in-depth and expanded review of 15 size-up points to help them make decisions that are efficient, effective, and safe. 360pp., hardcover, **BF6202 - \$79.00**

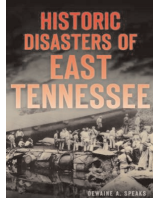

**Hazardous Materials Technician Exam Prep, Fifth Edition**, Dr. Ben A. Hirst, Performance Training Systems. Helps improve examination scores and includes practice examinations that were written by qualified fire and emergency services personnel and validated through current reference materials by review committees, self-scoring guide with page references to multiple textbooks for further study, winning test-taking tips and helpful hints, Coverage of NFPA 472 (Standard for Professional Competence to Hazardous Materials Incidents, 2013 Edition), and test-by-test reading lists. 106pp., softcover, **BH4616 - \$64.95**

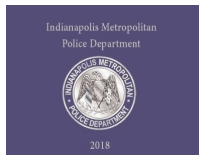

**History of Firefighting in New Bern, North Carolina**, Daniel Bartholf. Discover the rich history of firefighting in North Carolina's second oldest city, New Bern, NC. Covers the colonial days to the 21st century. Read about: the great fire of 1922, the mystery of the buried fire truck, segregated fire companies, and much more. 234pp., color and B & W photos, softcover, **BH65095 - \$29.95**

## New Books

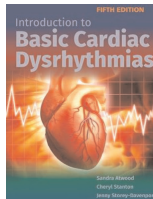

**Historic Disasters of East Tennessee**, Dewaine A. Speaks, The History Press, 2019. Chronicles some of the disasters and tragedies that East Tennessee has faced including The 1902 Fraterville Mine explosion took the lives of 216 men, a 1904 head-on passenger train wreck that claimed the lives of 64, the 1906 explosion of a train car loaded with dynamite in Jellico, floodwaters near Rockwood in 1929, an explosion in 1960 at Kingsport's Eastman plant that killed 16 workers and injured 400, a fire in the Great Smoky Mountains that claimed the lives of 14 while destroying 2,460 building, mores. 160pp., 72 B & W photos, softcover, **BH6388 - \$21.99**

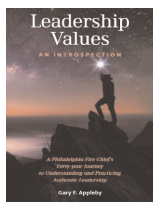

**Indianapolis Metropolitan Police Department**, M.T. Publishing, Inc. This historical book documents the history and events of the department and provides a glimpse into major events that have taken place, as well as developments within the IMPD that have brought us to where we are today. This edition features action photos, historical information, individual officer memories, special stories, and personnel photos. 125pp., color photos, hardcover, **BI3993 - \$52.00**

**Infection Control Policies for Community Paramedicine & MIH**, Katherine West, Fire Engineering. EMS is now under the scope of healthcare associated infections (HAIs). The new term HAI is much broader and applies to more healthcare care delivery services. Medical facilities are looking to EMS as the possible source for patient infections. Documentation and compliance monitoring will serve as liability reduction and risk management tools. This book explains how good infection control practices, vaccines and immunizations, cleaning and disinfection of equipment and work restriction guidelines can assist EMS providers and improve patient care. 75pp., softcover, **BI4281 - \$29.00**

**Introduction to Basic Cardiac Dysrhythmias, 5th edition**, Sandra Atwood, RN, BA; Cheryl Stanton, RN; Jenny Storey-Davenport, RN, MSN, BC, Jones & Bartlett Learning. Designed for use by the spectrum of EMS, nursing, and other healthcare professionals, the Fifth Edition uses clear, accessible language to explain how the heart functions and how to interpret ECGs and provides users with the critical knowledge needed to interpret dysrhythmias and determine the appropriate treatment. Includes: Coverage of the 2015 ECC and CPR guidelines, new content on basic 12-lead ECG interpretation, real-life ECG strips to demonstrate each concept, more. 364pp., softcover, **BI8397 - \$80.95**

**Leadership Values: An Introspection**, Gary F. Appleby. Chief Appleby's concentration on the singular importance of personal leadership values is presented in fourteen easy-to-read, stand-alone chapters based on his diversified forty-year career in the Philadelphia Fire Department. The personal stories provided to reinforce understanding of each value, which are often heart-pounding tales from the fireground, lead the reader to a deeper understanding of the essential connection between personal values and true leadership. 227pp., softcover, **BL3993 - \$19.99**

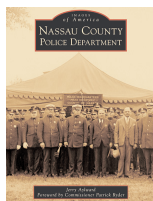

**LEGO Action Vehicles**, Enrico Lavagno, Chanh Ngoc Truong, Francesco Frangioja, Dover Publications, 2019. Easy-to-follow, step-by-step diagrams and full-color photos show how to use LEGO® bricks to create a fleet of emergency and heavy-duty vehicles, including a police helicopter, a fire tanker truck, an ambulance, a SWAT team truck, and dozens of others. Each model features a "pieces required" list to ensure that builders have the right equipment on hand. 208pp., softcover, **BL4140 - \$18.95**

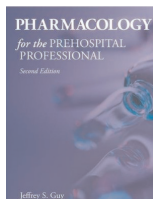

## New Books

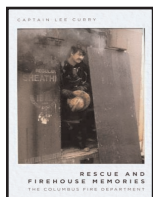

**Maryland's Ocean City Patrol**, Robert M. Craig, Arcadia Publishing, 2019. Since 1930 the Ocean City beach patrol's lifeguards have been charged to enforce the town's beach ordinances and, sometimes at personal risk, navigate rip currents and heavy surf to rescue distressed swimmers and bring them ashore to safety. This brief history examines the innovations, training, competitions, organizational structure, and character building that are all part of the serious lifesaving work of Maryland's Ocean City Beach Patrol—young men and women whose inestimable contributions over the years have given rise to the patrol's international reputation in lifesaving circles. 160pp., 256 B & W photos, softcover, **BM4638 - \$21.99**

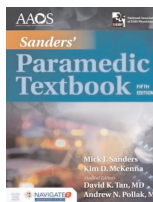

**Nassau County Police Department**, Jerry Aylward, foreword by Commissioner Patrick Ryder, Arcadia Publishing, 2019. The Nassau County Police Department was created in 1925 out of an urgent need for a professional law enforcement agency to provide swift, reliable, and trusted protection for its citizens. The founding members of this department, equipped with little other than their dedication, bravery, fortitude, and self sacrifices, established a strong foundation for one of the finest police departments in the country today. 128pp., 228 black & white photos, softcover, **BN0744 - \$21.99**

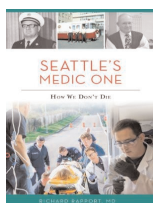

**Pharmacology for the Prehospital Professional, 2nd edition**, Jeffrey S. Guy, Jones & Bartlett. Offers a complete and practical understanding of pharmacology in the prehospital setting and provides a unique problem-based approach to ensure that you, as a prehospital provider, are prepared to effectively administer the drugs your patients need. By placing each drug in its relevant context, this text teaches you to identify the proper drug for a specific patient in a specific situation and clinical scenarios present case information just as you will learn it in the classroom and encounter it in the field. 524pp., softcover, **BP0665 - \$98.95**

**Rescue and Firehouse Memories**, Captain Lee Curry, AuthorHouse, 2019. After serving in the USAF as a crash crew member, Captain Curry, worked as a firefighter for the Newark and Columbus, Ohio fire departments. In this memoir he shares his experiences as a firefighter, the changes the departments went through, some of the dangers of the job, and some humorous stories that took place in and around the fire department. 146pp., softcover, **BR2408 - \$16.99**

## New Books

**Supervision of Police Personnel, 9th Edition**, Nathan F. Iannone, Marvin D. Iannone, Jeff Bernstein, Pearson Education. Addresses the essential knowledge, skills, and characteristics every professional law enforcement supervisor and manager should have. Examines what it takes to move from officer to supervisor; key supervisory responsibilities such as training, coaching, and counseling; and dealing with citizen complaints, problem employees, and tactical deployment of field forces in critical situations. Features extensive revisions, including two new chapters on Legal Knowledge Every Supervisor and Manager Should Have and Important Supervisory and Management Topics. 384pp., softcover, **BS9515 - \$146.65**

**US Forest Service Ranger Stations of the West**, Les Joslin, Arcadia Publishing. Pioneer rangers and their ranger stations are classic symbols of the American West. Rangers managed the public forests and ranges with the cattlemen, sheepmen, lumbermen, miners, homesteaders, and others who used—and, in many cases, still use—the lands to build and sustain economies and ways of life. The early rangers are no longer around, but some of the stations from which they protected the West's national forests to secure "the greatest good for the greatest number in the long run," remain to tell their stories and inspire their successors. 128pp., 189 black & white photos, **BU0030 - \$21.99**

**Yavapai County Sheriff's Office: 150 Years of History (1864 -2014)**, MT Publishing, 2019. In 1864 when Yavapai County was established in Arizona there was a great need for law and order. Only a handful of men in the history of the this great country have been able to enforce the law and keep order as Deputy Sheriffs of Yavapai County, and even fewer yet call themselves the Sheriff of Yavapai County. This book is full of biographies, descriptions of historical events and photographs dating back to the first sheriff, Van C. Smith, appointed in 1864. 112pp., color and black & white photos, **BY0015 - \$47.50**

## New DVDs

**Leading at the Company Level**, Jonah Smith, Fire Engineering. The fire service is built around the company. As the company officer, it is crucial that you understand what makes a good company, what potentially erodes company pride and efficiency, and how to effectively lead the company. In this live classroom presentation, Jonah Smith walks you through these pitfalls and opportunities of leadership, and gives you a set of tools to prepare you for the job. Smith discusses coaching, mentoring, creating company pride, and taking corrective actions. 1hr, 49min, **DL7020 - \$49.00**

**Lights Out**, Nick Papa, Fire Engineering. When entering a building during an emergency response, firefighters have to make quick and precise decisions in order to mitigate the situation and stay safe. In this classroom presentation, Nick Papa discusses how to properly size-up a building to understand what you may experience once on the inside. Papa walks through sizeup, various building features, identifying rooms, styles of private dwellings, and what to do when you are lost and disoriented. 1hr, 42min, **DL9440 - \$49.00**

**Limited Staffing**, Chief John Buckman III, Fire Engineering. Limited staffing is never ideal, but it is a reality for much of the fire service. When faced with limited staffing on the fireground, it is crucial to understand the tactics that are available to you and how to keep your firefighters safe when implementing those tactics. In this live presentation, Chief John Buckman III walks us through his operational checklist and size-up, discusses being outgunned on the fireground and the important role of command during these incidents. 1hr, 29min, **DL9500 - \$49.00**

**Private Dwelling Fires**, Chief John Norman, Fire Engineering. When approaching private dwelling fires, it is critical to understand the strategic options that are available to you, and how best to implement the tactics that will accomplish your chosen strategy. In this live classroom presentation, Chief Norman walks us through many of the issues and pitfalls that arise when responding to a private dwelling fire, including fire attack, water supply, and search and rescue. The decisions made during these incidents can have a dramatic impact on the outcome for the occupants and responders. 3hrs, 34min, **DP9040 - \$79.00**

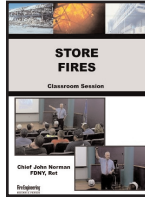

**Retaining/Recruiting Volunteers**, Chief John Buckman III, Fire Engineering. Many volunteer fire services struggle to retain and recruit candidates to fill their ranks. In this two-part live presentation, Chief Buckman takes a look at the issue and gives solutions that he has seen work across the country. He looks at the issues and potential solutions to retain volunteers, as well as the expectations of the volunteers, the public, and the leadership. He delves into motivational techniques to keep the volunteers and asks the question, "Why do volunteers stay?" Additionally, he looks at the challenges of recruiting volunteers, discusses hiring for attitude, and then looks at recruiting plans and diversity in the service. 3hrs, 9min, **DR4400 - \$59.00**

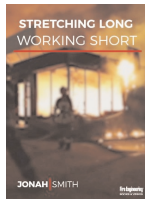

**Save Yourself Firefighting: Cancer Reduction Procedures**, Rick Madsen, Fire Engineering. With a growing wave of evidence that indicates that firefighters are at more risk than the general public to get cancer, it's imperative that they do all they can to mitigate the risks. In this video, Rick Madsen walks the viewer through the research as well as his process for developing policies and procedures to help manage those risks. Madsen discusses the various places that contamination can occur and the issues that can be faced when implementing cancer-reduction procedures. 1hr, 13min, **DS1473 - \$49.00**

## New DVDs

**Store Fires**, Chief John Norman, Fire Engineering. When approaching store fires, don't make the mistake of using the same tactics that you use on a private dwelling fire. These fires can become deadly in an instant. In this live classroom presentation, Chief Norman walks us through many of the issues and pitfalls that arise when responding to store fires, including gaining access, the parapet, trusses, the disposable building, and alterations. The decisions made during these incidents can have a dramatic impact on the outcome for the occupants and responders. 3hrs, 43min, **DS6423 - \$79.00**

**Stretching Long, Working Short**, Jonah Smith, Fire Engineering. Engine work is an essential part of the fire service. Being able to effectively and efficiently stretch, supply, and work a line is critical. In this live classroom presentation, Jonah Smith walks you through the basic hoseline tenets. Smith looks at the various types of stretches, hose loads, bundles, and estimates the lengths needed for each. 2hrs, 6min, **DS6437 - \$49.00**

## DVDs

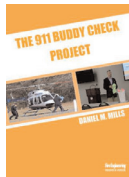

**8 Attitudes of Servant Leadership**, Douglas Cline, Fire Engineering, 2016. Explains the direct impact and positive change that can occur by simply adjusting one's attitude, a set of principles to strive for that will have a lasting positive impact on your organization, and a deeper understanding of how a negative attitude can erode an organization's effectiveness. 50 minutes, narrated, **D00008 - \$79.00**

**25 to Survive Seminar**, Dan Shaw and Doug Mitchell, Fire Engineering, 2017. Residential fires account for the largest number of firefighter line-of-duty deaths, with many occurring as a result of a combination of failures involving basic firefighting tasks, initial implementation of standard firefighting strategies and tactics, and the inability to perform firefighting skills in zero visibility. 4 hrs, 50 minutes, narrated, **D00025 - \$139.00**

**The 911 Buddy Check Project**, Daniel M. Mills, Fire Engineering, 2019. Sometimes you just have to reach out. Whether they show it or not, everyone is affected by trauma and stress on the emergency scene. This stress can lead to anxiety, depression, and even suicide. This live classroom presentation documents Daniel's own journey, his out-of-control spiral, and ongoing recovery. 103 min., **D00911 - \$79.00**

**10-75 Da Box**, Advanced Video, 2001. Watch a 7 alarm fire involving 14 2-story houses in the Bronx that required over 250 firefighters to control. Also a Brooklyn 2nd alarm fully involved house fire with DOAs and a 3rd alarm in the Bronx that takes 6 stores. 90 minutes, narrated, **D01075 - \$29.95**

**Ace Your EMT Psychomotor Exam**, Gary Havican, Knightlite, 2012. Based on the National Registry Skill sheets. It contains 17 stations including 8 medical stations. 3 hours, **DA03565 - \$59.95**

**Active Shooter: Rapid Response**, Emergency Film Group, 2011. Safety training for law enforcement and others who may be involved in response to a mass shooting. 34 minutes, **DA0357 - \$425.00**

**Air Management for the Fire Service: Full Day Seminar**, Phillip Jose, Fire Engineering, 2014. Consists of three classroom sessions and three hands-on rotations to instill the importance of proper air management, which is mandated in NFPA 1404. Using examples and case studies viewers learn how to perform air management effectively on the fireground. 2 DVDs, 5 hours, narrated, **DA2100 - \$239.00**

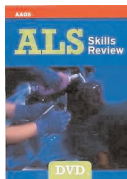

**Air Management for the Fire Service: Train the Trainer**, Phillip Jose, Fire Engineering, 2015. Effectively train air management and maintain training competency. Includes a curriculum and additional resources. 2 DVDs, 10 hours, narrated, **DA2101 - \$239.00**

**All About: Big Red Fire Engines**, GAIAM International, 2007. It's four alarm fun learning about engines, ladders and more as you find out what its like to be on that big red truck, rushing out to fight a fire on an exciting, fun filled video trip with real firefighters. 86 minutes, narrated, **DA4859 - \$12.95**

**All About: The Police**, GAIAM International, 2007. See the amazing things police officers ride in and on. 60 minutes, narrated, **DA4861 - \$12.95**

**ALS Skills Review**, AAOS, 2009. Demonstrates the proper techniques for each skill presented in the Paramedic National Standard Curriculum. Capturing real-life scenes, each skill is clearly broken down, demonstrated, and applied in a variety of drills. 110 min., narrated, **DA3300 - \$108.95**

**Analyzing the Incident**, Emergency Film Group, 2014. Hazmat training. 32 minutes, **DA3485 - \$395.00**

**Art of Miscommunication**, Fire Engineering, 2018. Communication barriers, errors and mistakes lead to harm and have killed a surprising number of people – in some cases hundreds at a time. Hurt feelings, frustration, and missed opportunities are every day occurrences. Learn to watch for communication traps, gaps, and cow pies and what to do to avoid them. 97 minutes, narrated, **DA3890 - \$79.00**

see website for a complete list & full descriptions

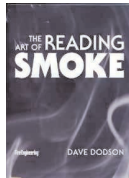

**Art of Reading Buildings Introduction & Practice Sessions**, John Mittendorf, David W. Dodson, Fire Engineering, 2016. The practical art of reading a building and applying positive and negative attributes in developing a size-up for fireground operations. 108 minutes, narrated, **DA3896 - \$119.00**

**Blood Borne Pathogens**, Jay Penfield, Fire Engineering. Maintaining OSHA compliance can often seem daunting, but it doesn't need to be. In this video Jay Penfield discusses blood borne pathogens, what concerns and issues blood borne pathogens can cause, and how to maintain safety when these issues arise. 30 minutes, **DB7775 - \$69.00**

**Art of Reading Smoke**, David W. Dodson, Fire Engineering, 2007. Often smoke issuing from a building is the only clue to predict fire behavior and the likelihood of a flashover or rapid fire spread. Includes examples to test smoke-reading abilities, without interpretation and then with interpretation. 60 minutes, narrated, **DA3900 - \$95.00**

**Blue Cut Fire**, Alan Simmons Prod., 2016. The Blue Cut Fire started on August 16, 2016. It quickly grew into a large wildland fire with rapid rates of spread created by dry fuel conditions, high temperatures, low RH, and moderate winds. 38 minutes, **DB7806 - \$12.95**

**Art of Reading Smoke Practice Sessions, vol. 2**, David W. Dodson, Fire Engineering, 2009. Seven real-world scenarios involving residential, commercial, and mixed-use scenarios to help hone your smoke-reading skills. 30 minutes, narrated, **DA3901 - \$95.00**

**Art of Reading Smoke, vol. 3**, David W. Dodson, Fire Engineering, 2011. Eight real-world examples involving residential, commercial, and mixed-use structures. Contains four rapid recognition drills and four full scenarios that give you the opportunity to read the smoke and discuss what the smoke is telling you. 32 minutes, narrated, **DA3902 - \$95.00**

**Boro's Burning**, Volumes 1,2,3. See FDNY at work in the late 1990's: 5 alarm fires, fires in commercial buildings, taxpayers, and multiple dwellings. Viewer discretion is advised. 3 DVD set, **DB8651 - \$39.95**

**Boston Fire Striking the Box**, Advanced Video, 2002. See fires in Boston in 2001 & 2002. Includes two nine-alarm fires. See Boston's apparatus, HazMat unit, various firehouses, city scenes and more! 90 minutes, **DB8775 - \$29.95**

**Breathing Apparatus**, Emergency Film Group, 2016. Types of breathing apparatus; safety features; proper operating technique; inspection procedures; more. 29 minutes, narrated, **DB8797 - \$195.00**

**And The Beat Goes On**, Billy Goldfeder, 2007. Chief Goldfeder challenges chiefs to make sure everyone goes home and avoid unnecessary risks. 40 minutes, narrated, **DA3500 - \$47.00**

**BFD at Work**, Alan Simmons Productions, 2010. Respond with L14 and E31 of the Buffalo FD to several fires with exclusive first due action. See a 2nd Alarm in a Boston three decker and two 2nd alarms in a residential and a commercial building in Burbank, CA. 50 min., no narration, **DB5300 - \$24.95**

**Bread & Butter DVD Series, 2nd edition**, Fire Engineering, 2012. This series demonstrates how to properly accomplish various tasks on the fireground. Available individually or as a set.

**FDNY: The Battle Continues, Vol. 34**, Fire Line Video, 2016. 5 incidents from 2012: a 3rd alarm in a large commercial structure; a 3rd alarm in interconnected 1 and 2 story buildings; 7 alarms in multiple buildings; 7 alarms for fire in floor and cockloft of a 7 story occupied multi dwelling. 60 minutes, narrated, **DF15270 - \$29.95**

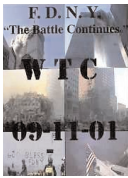

**FDNY: The Battle Continues, Vol. 35**, Fire Line Video, 2017. 7 incidents occurring between August 2012 and September 2013. Includes: Queens 4th alarm, Manhattan 5th alarm, Bronx 4th alarm, and much more. All incidents have actual fire ground transmissions. 60 minutes, **DF15271 - \$29.95**

**FDNY: The Battle Continues, Vol. 36**, Fire Line Video, 2017. 6 incidents occurring between November 2013 and January 2014. Contents include: Manhattan 3rd Alarm, Queens 4th Alarm with several urgents and a mayday. Queens 2nd Alarm and much more. 60 minutes, **DF15272 - \$29.95**

**FDNY: The Battle Continues, World Trade Center 9/11/2001**, Fire Line Video, 2002. An uncensored view of the conditions the fire fighters faced on 9-11-2001. Shown is the attack, the collapses, the rescue and recovery operation. **Warning: Graphic Scenes.** 51 minutes, narration, **DF1526 - \$29.95**

**FDNY The War Years**, Advanced Video, 2011. **Volume 1:** 1970's fire and rescue action, the Super Pumper in action. 60 minutes, **DF1541 - \$29.95**  
**Volume 2:** Includes the 1977 blackout. 60 minutes, **DF1542 - \$29.95**  
**Volume 3:** Great action from 1977-1979, including the 10 alarm Knickerbocker Ave fire. 60 minutes, **DF1543 - \$29.95**

**FDNY Transmit the Box**, Advanced Video, 2003. Queens 2nd alarm with mayday, Brooklyn 5th alarm with mayday, more. 75 minutes, **DF1560 - \$29.95**

**FDNY We Gotta Job**, Advanced Video, 2000. See FDNY at work at vintage fires. Watch three 2nd alarms, two 3rd alarms and a 4th alarm major 10-60 building collapse. 90 minutes, **DF1580 - \$29.95**

**Fightin' Fires FDNY Style**, Advanced Video, 1998. 2nd alarms, a "pin job", more. 60 minutes, **DF1656 - \$29.95**

**Fire Dynamics**, Daniel Madrzykowski, Ted Nee, and John Ceriello, Fire Engineering, 2014. The science behind fire behavior and how it applies to the fire-ground. Illustrates how tactics affect fire dynamics, and how that knowledge can facilitate better tactical decisions and safety. 51 minutes, **DF2320 - \$95.00**

**Fire Engineering's Skill Drills for Firefighter I and II DVD**, 2010. 7 hours, 2 DVD set, **DF2400 - \$195.00**

**Fire Fighter I DVD Series**, Action Training Systems. The 23-title series teaches to the current NPFA 1001 standards. Advance the knowledge and skills of your firefighters so they will be ready for action when the call comes. **DF2491 - \$4660.00**

**Fire Fighter II DVD Series**, Action Training Systems. This 10-title series teaches to the current NFPA 1001 standards. Take your training to the next level through high-quality, relevant training. **DF2492 - \$2070.00**

**Fire Fighter I & II DVD Series**, Action Training Systems. 33 DVDs. **DF2493 - \$6535.00**

**Firefighter Rescue**, David Umfleet and Chad Foster, Fire Engineering, 2017. Stripped-down versions of common firefighter rescue tasks, often performed by only one firefighter. These techniques can also be utilized by the RIT to make it more efficient during rescue evolutions. 45 minutes, **DF2589 - \$95.00**

**Fire From The Archives**, Fire Line Video Productions. Hours of late 1970's through the late 1980's archive news footage from Broadcast News Service. **Volume 1:** 60 min. **DF4331 - \$29.95**

## Now available - Burn Boston Burn

A conspiracy of 9 men, including 3 Boston cops and a Boston firefighter, burned Boston and surrounding communities in the early 1980's. Over 2 years, they torched 264 buildings, causing millions of dollars in damages and hundreds of injuries. This book interweaves the activities of the arsonists with those of the investigators, the firefighters and the citizens of the area.
